CARE PLUS BASIN MIXER STANDARD HANDLE H/C - LF

The Care Plus Mixer range is ideal for commercial care requirements, with the versatility of adaptable standard and extended lever care handles, in hot/cold or warm/cold combinations; and increased indicator size across all handle options. The range features laminar flow as standard for added infection control against legionella and bacteria in hospitals and aged care facilities.

- Available in Lead Free brass*. The inclusion of F in the code and LF in the product description indicates the product is certified Lead Free - 35mm adjustable cartridge for added temperature and flow control - Silicone aerator prevents calcium and limescale build-up for easy maintenance - Flexible Soft Pex Hoses for supreme durability and ease of installation, anti bacterial properties which do not affect the taste or odour of the water - Large colour indicators make the range an ideal solution for aged care applications - Laminar flow as standard reduces legionella risk - Available with Standard or Care handle H/C (red and blue) indicators - Standard or Care handle with W/C (yellow and blue) available as adaptable options - Chrome finish - *<0.25% lead as per Lead Free Watermark certification
